

SCIENTIFIC UPDATE

We've got chemistry

PRACTICAL CRYSTALLISATION & POLYMORPHISM

8-9 FEBRUARY 2018

Hyderabad, India

Green Park Hotel

"Gained very good knowledge about particle crystallisation as it is a very important part of chemical industry at scale up stage and it will be helpful to design experiments in such a way."

PI Industries

A 2 day course given by
Dr Will Watson

PROFESSIONAL DEVELOPMENT TRAINING

Scientific Update provides training courses for industrial chemists and chemical engineers in chemical development and scale-up and many other specialist topics in organic and process chemistry. Our short intensive training courses enable scientists to learn about highly relevant topics, to broaden their knowledge and to keep abreast of new science, new technology and new techniques.

PRACTICAL CRYSTALLISATION & POLYMORPHISM

A 2 day course given by Dr Will Watson

8-9 February 2018 Hyderabad, India, Green Park Hotel

Multiple attendees discounts
UP TO 10% available

INTRODUCTION

This 2-day course aims to give chemists and chemical engineers a thorough practical knowledge of crystallisation processes. After an introduction the course will cover crystallisation of compounds (including hydrates and solvates), different methods of crystallisation, polymorphism, salts and co-crystals, crystallisation of chiral compounds and classical resolution, analytical methods for studying the solid state and will finish with some case studies. Real life practical examples will be used throughout the course to exemplify the different aspects of crystallisation and polymorphism. The course will cover all aspects of the subject including crystallisation of intermediates as well as final products. In addition precipitations and amorphous solids will be covered and the differences between amorphous solids and crystalline solids will be discussed.

WHO SHOULD ATTEND?

Discovery chemists, process chemists and chemical engineers who want to learn about practical aspects of crystallisation as well as the science and the art of crystallisation.

IN-HOUSE COURSE

For 8+ people contact us to discuss holding this event In-House - sciup@scientificupdate.com

COURSE OUTLINE

Day 1: Thursday 8 February

Introduction to crystallisation and Polymorphism Solvates and hydrates

- > Differences between solvates, hydrates and anhydrates/asolvates
- > Characterisation of solvates and hydrates

Principles of crystallisation

- > Methods of crystallization
- > Cooling crystallisations
- > Evaporative crystallisations
- > Anti-solvent crystallisation
- > Melt crystallisation

Crystallisation design/case studies

- > Designing a crystallisation process

Day 2: Friday 9 February

Polymorphism and Disappearing polymorphs

- > Polymorphism
- > Polymorph screening
- > Characterising polymorphs
- > Patenting polymorphs

Salts and co-crystals

- > Salt formation
- > The use of co-crystals
- > Definitions

Chiral compounds/resolution

- > Crystallisation of chiral compounds
- > Classical resolution methods
- > Upgrading ee by crystallisation

Methods of analyzing the solid state

- > Analytical methods
- > Infra-red, Raman
- > XRPD
- > DSC

Case studies/Conclusions

VENUE

Hotel Green Park, Greenlands Begumpet, Andhra Pradesh, Hyderabad 500 016, INDIA
Phone: +91-40-2375 7575/66 515151
www.hotelgreenpark.com

Located in Ameerpet, this hotel is 0.8 mi (1.4 km) from Hyderabad Central Mall and within 3 mi (5 km) of Kasu Brahmananda Reddy National Park and Lumbini Park. Birla Mandir Temple and BM Birla Science Centre are also within 6 mi (10 km)

This hotel features 2 restaurants, 2 bars/lounges, and a health club.

Free buffet breakfast, free WiFi in public areas, and free self parking are also provided. Other amenities include a coffee shop/café, 24-hour room service, and a business center.

SCIENTIFIC UPDATE

We've got chemistry

Start 8.30am - Thursday 8 February

Finish 5.00pm - Friday 9 February

Course Dinner 6.30pm - Thursday 8 February

Course Fee: \$275

Which includes comprehensive course manual, refreshments throughout the day and lunch.

Course Fee: \$275

COURSE TUTOR

Dr Will Watson

Technical Director,
Scientific Update

Will Watson gained his PhD in Organic Chemistry from the University of Leeds in 1980. He joined the BP Research Centre at Sunbury-on-Thames and spent five and a half years working as a research chemist on a variety of topics including catalytic dewaxing, residue upgrading, synthesis of novel oxygenates for use as gasoline supplements, surfactants for use as gasoline detergent additives and non-linear optical compounds.

In 1986 he joined Lancaster Synthesis and during the next 7 years he was responsible for laboratory scale production and process research and

development to support Lancaster's catalogue, semi-bulk and custom synthesis businesses. In 1993 he was appointed to the position of Technical Director, responsible for all Production (Laboratory and Pilot Plant scale), Process Research and Development, Engineering and Quality Control. He helped set up and run the Lancaster Laboratories near Chennai, India and had technical responsibility for the former PCR laboratories at Gainesville, Florida. He joined Scientific Update as Technical Director in May 2000. He is also involved in an advisory capacity in setting up conferences and in the running of the events. He is also active in the consultancy side of the business.

@ will@scientificupdate.com

REGISTRATION

You can either use our fast online booking system or mail or fax the attached registration form to:
Scientific Update
Maycroft Place, Stone Cross, Mayfield,
East Sussex, TN20 6EW, UK
Fax Number +44 1435 872734

How to Pay

When you register online, you can have the option to pay via credit card (Amex, Mastercard or Visa). For email payments please include course title, card number, expiry date and security code. A receipted invoice will be automatically generated once paid and sent via email. Should your company wish to pay by cheque or bank transfer bank details will be supplied with an invoice.

Bank Transfer or Cheque

Should your company wish to pay by cheque or bank transfer, on booking you can choose between paying in either €, \$ or £. All bank details will be supplied with an invoice.

Group Discounts

Group discounts are available on two or more attendees - see registration form. This offer only applies if bookings are made simultaneously and from the same billing address.

Confirmation of your registration

These will be sent via email.

Late Applications

For late applications, please register online or fax the completed registration form, including credit card payment information.

Cancellations/Refunds

Should you be unable to attend and cancel in writing no later than 1 month before the start of the course, Scientific Update will refund your registration less \$150 processing fee. Unfortunately refunds are not possible after that date. Substitutions can be made at any time.

At the end of the course, participants will:

Be better placed to apply scientific principles to the design and development of crystallization processes as well as better understanding for problem solving.

The course will be of interest and use to both process development chemists as well as those working in discovery areas, especially when involved in the first scale-up batches.

CONSULTANCY SOLUTIONS

OUR EXPERTISE

We are specialists in Industrial Organic Chemistry, solving problems and managing projects in Process Research and Development covering the following industries:

- > **Pharmaceuticals**
- > **Fine Chemicals**
- > **Agrochemicals**
- > **Flavour & Fragrance**
- > **Specialty Chemicals**

OUR TEAM

You will be assigned one leading consultant but you will benefit from our team with over 100 years collective industrial experience.

OUR APPROACH

We will sign a CDA and discuss your project by telecom or webinar to assess what benefits we can offer. This initial consultation (up to 4 hours) is free of charge. After which we will offer a detailed proposal with the service we can provide tailored to your individual requirements.

Payment Methods

Payment will be made by:

Cheque Bank Transfer Credit Card

In Currency:

Dollars GBP* or Euros*

We accept the following credit cards:

Amex

Mastercard

Visa

To pay by credit card a secure link will be provided once you receive your booking confirmation email, this will then take you to a secure payment gateway.

* Currency Payments

If you select to pay in GBP, or Euros the amount charged will be based on the exchange rate at the time of preparing the invoice.

Discounts

Complete the details for either two or three delegates and your discount will automatically be applied. This offer only applies where all delegates are booked simultaneously and at the same billing address.

Cancellations

Should you be unable to attend and cancel in writing no later than 1 month before the start of the course, Scientific Update will refund your registration fee less \$150 processing fee. Unfortunately refunds are not possible within 1 month of the course date. Substitutions can be made at any time.

Data Protection

Scientific Update Ltd is registered under the Data Protection Act 1998. We will store your information securely and only share your contact details with other attendees at this event. If you are happy for your details to be passed to any third parties please tick here:

For full terms of business and payment details please see our website

Please complete this form and fax to +44 (0)1435 872734
